

Residence Pictures Disability Access Statement

At Residence Pictures, we are committed to ensuring an accessible, inclusive, and welcoming environment for all clients, staff, and visitors. We understand the importance of accommodating diverse needs and are continually working to enhance accessibility throughout our facility.

Facility Accessibility

- **Location and Transport:** Our facility is located at 83 Clerkenwell Road, EC1R 5AR and is accessible by multiple forms of public transportation. The nearest accessible station is Farringdon, located approximately 0.3 miles away. Farringdon Station has lift access, boarding ramps and is served by the tube, Elizabeth Line and Thameslink.
Additionally, nearby bus stops on Clerkenwell Road are approximately 250 feet away and are served by the 243 and 55 which have accessible options.
- **Entrance and Reception:** Our main entrance is equipped with step-free access, automatic doors with entry buzzers located at an accessible height. Reception staff are happy to provide guidance and assistance upon request.
- **Wheelchair Access:** All public areas, including grading and online suites, the grading theatre and communal spaces, are wheelchair-accessible. We offer spacious working areas to accommodate wheelchair users comfortably and have lift access between floors.
- **Accessible Toilets:** An accessible toilet is available on our ground floor. It is equipped with appropriate grab rails, an emergency pull cord, and adequate space for ease of movement.
- **Hearing Support:** We offer hearing loops for clients and visitors who are hard of hearing. Please inform us prior to your visit if this service is required so we can ensure availability.
- **Visual Assistance:** Our team is available to assist visitors with visual impairments by providing orientation around the facility.

Service animals are welcome, and drinking water stations are available.

- **Quiet room:** A quiet room with reduced noise and lighting, fitted with blinds for privacy is available for people who may be overwhelmed by the sights, sounds, smells, sensations or people around them.

Special Requests and Additional Support

We have completed our TV Access Project audit which is available to share on request.

If you require any specific support not mentioned in this statement or have any questions regarding accessibility, please contact us in advance. We are committed to making your experience with us as comfortable and accessible as possible.
